## Traditional Eastern European Fruit & Nut Rolls

Nut rolls, poppy seed rolls and apricot rolls are bursting with rich, gooey filling and made the traditional way

If you had an Eastern European grandmother, you know just how luscious these traditional nut rolls, and apricot rolls are—and how labor - intensive and difficult it is to get them just right. They are as good as your grandmother used to make—the light, moist dough is bursting with filling.

- The nut roll is made with choice English walnuts
- A specially blended poppy seed butter makes the poppy seed roll one to savor
- Apricot roll has a thick, sweet, jam-like filling

You can still enjoy your family's favorite traditional foods from Europe when you order from our Parish bakery. Our rich nut rolls, poppy seed rolls and apricot rolls are as good as the ones Grandmother used to bake.

**WARNING:** Potential allergen. Product Contain wheat, soy milk, egg, nuts.

**NOTE:** Our prices are competitive with mail order houses, minus the shipping and handling charges.
